Re: Voluntary Cleanup Program Application
Herron Area 2 Property
Elkton, Maryland 21921

Dear Mr. Meiskin:

The Voluntary Cleanup Program ("VCP") of the Maryland Department of the Environment ("Department") has reviewed the VCP file for the Herron Area 2 property located on Zeitler Road in Elkton, Cecil County, Maryland. The Herron Area 2 property was accepted into the VCP on January 16, 2008 with the requirement that a response action plan be developed to address elevated levels of contamination in soil and groundwater. The Department has issued numerous comments regarding the site assessment following the submittal of the VCP application in June 2006. As of the date of this letter, the Department has not received all required responses to the comments specified in the Department's letters dated August 8, 2006, May 11, 2007, and February 10, 2009.

Please provide the documents requested in the Department's letters within thirty (30) days of receipt of this letter. The requested information must be accompanied by a statement of certification as found in Section XIV of the VCP application form. If the requested information is not received within 30 days, the VCP application will be withdrawn. Please note that the statement of certification submitted to the VCP may not be a fax, scan or photocopy.
